

## **CORNHOLE GAME**

**Cornhole game is similar to horseshoes, shuffleboard, or lawn darts. The difference is the goal is to toss corn-filled bags into a hole in a board 27 ft. away. The game is fun and addictive. It is played everywhere from family gatherings, to the beach, to tailgating groups or wherever 2 or more people are together for competitive fun.**

**Our boards reflect high quality craftsmanship. The regulation 24" by 48" select pine frames are sanded and rounded. The tops are of hardwood plywood which are nailed (holes are filled and sanded) and glued. The legs collapse for storage in the back of the boards. For easy transportation the boards are attached together with clasps and a carrying handle. A laminated set of rules accompanies each game. Also 8 regulation corn bags, 2 colors of your choice per game, are included.**

- \*\* Each set is ready to use/complies with ACA standards**
- \*\* 6" routed and sanded hole**
- \*\* Collapsible legs for storage/ 27' measuring distance string**
